## Dairy Biogas Renewable Energy Projects Tulare County

California Bioenergy is hosting a discussion of digester projects.  
These projects capture dairy methane to produce energy.

**Location:** College of the Sequoias  
Tulare College Center  
Building A - Mall Area  
499 East Bardsley  
Tulare, CA 93274

- Topics:**
- How Digesters work
  - Environmental impacts
  - Local economic development
  - Job opportunities
